Prior to his premature death from tuberculosis in 1928, Larry Semon was one of the most popular comics on the silent screen for a time. He rivaled comedy legends Charlie Chaplin, Harold Lloyd and Buster Keaton for fame and fortune. The son of magician Professor Zerk, the great Semon participated in many of his father's early performances. A talented youth, he worked as an illustrator and cartoonist before going into motion pictures with the Vitagraph Company. He soon became a Hollywood legend responsible for his own stories, gags, acting and direction. The result of 30 years of research, this long overdue biography recognizes one of Hollywood's most overlooked auteurs. The author draws on numerous articles and contacts with Semon's family and friends and screens many films previously believed to be lost.

From its first edition, the purpose of Walford has been to identify and evaluate the widest possible range of reference materials. No rigid definition of reference is applied. In addition to the expected bibliographies, indexes, dictionaries, encyclopaedias and directories, a number of important textbooks and manuals of general practice are included. While the majority of the items are books, Walford is a guide to reference material. Thus periodical articles, microforms, online and CD-ROM sources are all represented in this volume. A particular effort has been made to improve coverage of the latter two categories.

In the early days of television, many of its actors, writers, producers and directors came from radio. This crossover endowed the American Radio Archives with a treasure trove of television documents. The collected scripts span more than 40 years of American television history, from live broadcasts of the 1940s to the late 1980s. They also cover the entire spectrum of television entertainment programming, including comedies, soap operas, dramas, westerns and crime series. The archives cover nearly 1,200 programs represented by more than 6,000 individual scripts. Includes an index of personal names, program and episode titles and production
