no system a modern war king hunts invents gets rich marries a wife and ascends to the throne transported to a year of famine ye chen climbs the mountains to hunt in order to survive transforms the ecological environment brings rain and saves countless lives using modern knowledge ye chen manages to eat meat during the famine naturally drawing the envy of many the village tyrant not only wants to steal ye chen s meat but also covets his sister in law how could he tolerate that

whoever dares block ye chen's path must step aside or die relying on his own skills he crushes his enemies one by one buys official titles in a corrupt court and eventually builds the most luxurious village and the most fortified town life keeps getting better while the court grows ever more rotten since the current dynasty is already decayed beyond repair then it's time for a new one he vows in ten years he will forge a blade to bring down the empire

is martial arts difficult yes as difficult as ascending to the heavens but that's for others i lin du ao have never been inferior to anyone in my life system simplify it for me skill infusion in progress infusion complete with a single punch lin du ao instantly experienced a surge of insights

soldier king ye chen was one of the top fighters in the country's special forces however his teammates deaths caused him to leave the army and return to the civilian population on one side there were many schemes and on the other there were countless beauties if one could defeat a tyrant they would be able to kill off their enemy win the favor of beauties and then see how the super soldier king would play with his city life

this book selects leading innovative and influential chinese maritime judgments and presents full translation of them with brief summary to the readers so that they can have insights of how the chinese maritime judges interpret apply and develop chinese maritime law in practice china trades with other states in trillions of usd every year and about 95 of the cargoes are carried by ocean going ships calling at hundreds of chinese ports each single day due to the enormous and steadily growing trade volume and shipping activities foreign ships companies and persons are often caught by the chinese maritime law and court the parties involved and their lawyers are more than ever enthusiastic to study chinese maritime cases in order to deal with their own cases properly or if possible predict the potential problems and avoid the disputes outright the book is appealing to and benefits worldwide law students academics practitioners and industrial people in the shipping trade insurance and financial fields the book remedies to certain extent the situation that there is lack of authoritative sources available to foreign personnel to look into how chinese justice system functions
